## ■ History

**Daesung Global has been steadily growing since its establishment.**

With consistency, we have been building up our firm's infrastructure to improve its corporative competitiveness in the global market.

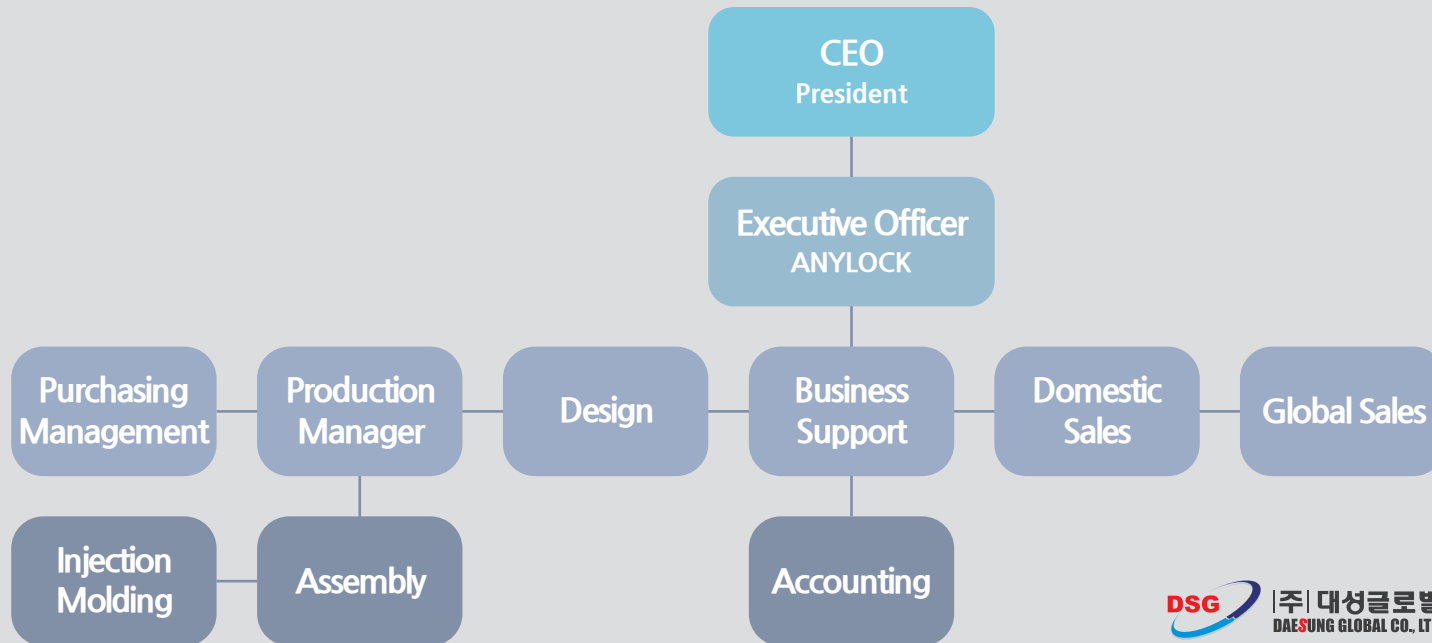

**AnyLock™**

- | ANYLOCK was invented in 2004 and released.
- | 2009 DSHT, the mother company of DSG has been designated as a “Star Company” by the city council of Daegu.
- | A New factory was built in 2010 and has become a professional injection molding company.
- | 2012 DSHT, the mother company of DSG has been designated as a Global Hidden Champion by Korean Government.
- | Year of Establishment 2014  
“DSG” has been separated from “DSHT” as an independent company.

## ■ Organization Chart

Functionally, there are six teams.

## ■ Product line-ups

### : What is AnyLock ?

- ▶ A patented sealing rod to keep foods fresh.
- ▶ A new and innovative concept for sealing.
- ▶ Anylock means that it can “Lock any type of plastic bags”.

## ■ Product line-ups : How to use ?

### ► 3 Easy Steps To Lock In Freshness

**Step1 :** Fold and crease the open end of bag.  
place the yellow guide under the fold.

**Step2 :** Slide the AnyLock across the top surface, making sure the bag feeds between the yellow guide and outer sleeve.

**Step3 :** Center the AnyLock on the bag to ensure a tight seal.

## ■ Product line-ups

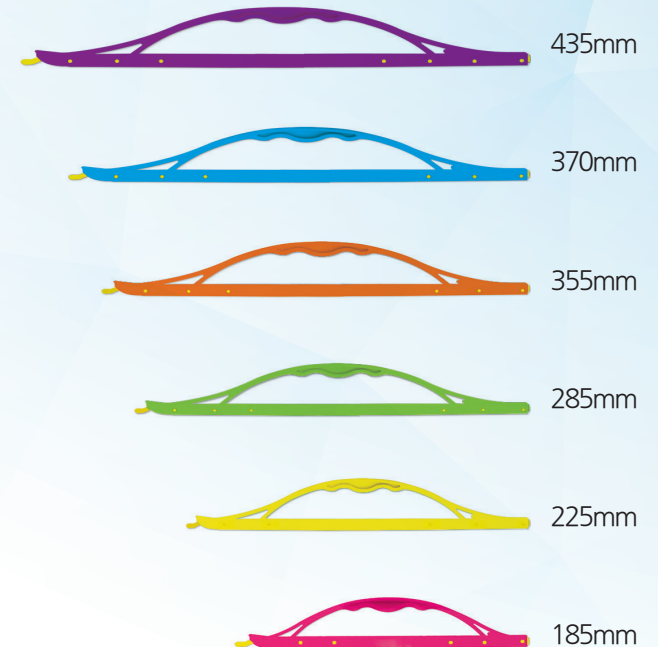

: Anylock

► Mainly used for keeping foods fresh for a longer time than Zipper bags or any other sealing items.
